

How to self-install Echo 360 Universal Capture

How do I install Echo 360 Universal Capture on my UMES Laptop/Desktop? Please note if you are installing Personal Capture on your home PC, you should follow the instructions available at the following link: <https://admin.echo360.com/hc/en-us/articles/360035406011-Install-the-Universal-Capture-Desktop-Application>

Step-by-step guide

Echo360 does not require administrative rights to install on a UMES computer. To install the software, you must be on campus and follow the following steps:

1. In a file browser window, open the following location: \\umes.edu\files\Apps\TrustedApps\EchoPersonalCapture
2. Right click on UniversalCapturePersonalUS_6.0.69561845.msi
3. Choose "Run with Elevated Privilege with Defendpoint"
4. Click **Next** in the Universal Capture Setup
5. Click **Next** again
6. Select "**I accept the terms in the License Agreement**" and click **Next**
7. On Directory Selection Window click **Next**
8. Click **Install** in the Ready to Install window.
9. Click **Finish**
